EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Joel Meyers on 11/24/04.

The application has been amended as follows:

In claim 27, line 1, the phrase "wherein said striking block is" has been deleted and the phrase -- further comprising a -- has been inserted.

In claim 27, line 2, after the phrase "pyramidal-shaped", the phrase -- striking block -- has been inserted.

The following is an examiner's statement of reasons for allowance: The prior art teaches a at least one striking plate member, a tube; however, the prior fails to teach "wherein a sliding member is positioned within said tube, wherein a... striking plate is disposed on the bottom of said sliding member, and wherein said ... striking plate is positioned to frictionally engage a top side of a striking block" as recited in claim 1, "wherein a ... striking plate is disposed on the bottom of said sliding member, wherein a first end of ... at least one elastic retention member is attached to a bottom inner wall of said tube, and wherein a second end of said at least one elastic retention member is attached to said sliding member", as recited in claim 12 and the step of "wherein said sliding member is slid over a pyramidal-shaped striking block, and wherein a bottom

side of said sliding member frictionally engages a top side of said pyramidal-shaped striking block" as recited in claim 18.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Bena Miller whose telephone number is 571.272.4427. The examiner can normally be reached on Monday-Friday.
